About Us

AR MACHINES - The remarkable name which makes your life easier.
AR Machines successfully established in 1995, since then we have become a leading Manufacturer, Exporter, Distributor, Retailer and Supplier of Construction related machinery and equipment. We are designing & developing the finest quality machines following the international guidelines in assistance with the finest raw materials and modern machineries. Our company is equipped with large state-of-art manufacturing unit that is installed with necessary machines and equipments. The organization has attained several heights of success. Our skills and understanding of the market constantly enlighten our team that helped us to smoothen our path to achievement. It's our aim or goal to upgrade our facility in regular basis and boost up the productivity. Our dedicated & experienced Sales & Marketing team in coordination with the Design, Development & R&D team is always at your disposal to give most simple, high quality & cost effective solutions.

Our Strength

We remain dedicated to the enduring values of integrity, high ethical standards and treating people fair and with respect. Thus enabling us to face the challenges of the next century. Our business shall be competitive and will grow by leaps and bounds as a result of the superior advantage we derive from our conglomerate, highly capable people, technology, global market power, strong brands franchises and business practices.

Product Range

- Concrete Mixers Hydraulic Hopper or with Control Panel.
- Concrete Mixers with Hopper or without Hopper.
- Concrete Mixers Mobile Hoist (Two Leg/Four Leg Type)
- Builder Hoist or Fixed Hoist
- Monkey Hoist
- Pan Mixer
- Tamping Rammer
- Concrete Cutter
- Concrete Bucket
- Double Beam Screed Vibrator
- Concrete Vibrator & Nozzle
- Power Trowel cum Floater
- Screw Feeder for Cement & Fly Ash
- Silos for Cement & Fly Ash

Our Quality

Manufacturing of High Quality Machines : We are laced with modern machineries, equipments and tools, which helped us to develop the quality adhering array of construction machines.

Quality control : Quality is the supreme concern that we offered in the form of our machines. The high level of precision in our products helped our customers to keep faith on us.

Logistic Facility : Our construction equipment range is exported in various parts of India due to their performance, durability and reliability. We are also ready to provide the logistic facility to our clients as per their requirements.

MONKEY HOIST

Jib Working	:	7.5 Feet
Load Capacity	:	500 Kg.
Movement	:	360 Degree
Prime Mover	:	5 HP Engine / Motor
Drum Speed	:	22-25 RPM
Drum Gear	:	95T (Single Ring), Pinion - 12T

10/7 CFT CONCRETE MIXER MOBILE HOIST 2 LEG TYPE

Type	:	II Channel Lift Mixer
Mixed Capacity	:	200 Ltr. (7 Cu.ft.)
Unmixed Capacity	:	280 Ltr. (10 Cu.ft.)
Working Height	:	60 ft.
Prime Mover	:	10 HP Engine / Motor
Drum Speed	:	22-25 RPM
Drum Gear	:	95T (Single Ring), Pinion - 12T

## 10/7 CFT CONCRETE MIXER WITH HOPPER HYDRAULIC/ MECHANICAL

Type	:	Mechanical Hopper
Mixed Capacity	:	224 Ltr. (8 Cu.ft.)
Unmixed Capacity	:	310 Ltr. (11 Cu.ft.)
Hopper Lifting	:	Mechanical
Prime Mover	:	7.5 HP Engine / Motor
Drum Speed	:	22-25 RPM
Wire Rope	:	12 mm

10/7 CFT CONCRETE MIXER WITHOUT HOPPER

Type	:	Mixer mACHINE
Mixed Capacity	:	200 Ltr. (7 Cu.ft.)
Unmixed Capacity	:	280 Ltr. (10 Cu.ft.)
Prime Mover	:	5 HP Engine / Motor
Drum Speed	:	22-25 RPM
Drum Gear	:	95T (Single Ring), Pinion - 12T
